## MOTS FLECHES

The crossword puzzle grid consists of the following structure:

- A vertical column of 5 squares on the far right.
- A horizontal row of 6 squares, starting from the second square of the vertical column.
- A vertical column of 3 squares, starting from the second square of the horizontal row.
- A horizontal row of 4 squares, starting from the first square of the 3-square vertical column.
- A vertical column of 2 squares, starting from the second square of the 4-square horizontal row.

Clues and illustrations:

- Illustration of a ladder (top right) points to the top square of the 5-square vertical column.
- Illustration of a smiley face (middle) points to the top square of the 3-square vertical column.
- Illustration of a house (middle left) points to the first square of the 6-square horizontal row.
- Illustration of a fence (middle left) points to the top square of the 2-square vertical column.
- Illustration of a book (bottom left) points to the first square of the 4-square horizontal row.
